Corentin Viry

Apprentice Engineer in Computer Science at ESIEE
(School of Electrical Engineering and Electronics)

About me

Driven by my passion for computer science, I pursued my education at an engineering school. Creative and adaptable, I enjoy hands-on projects where I can apply my technical skills. I work well in teams and contribute actively with my knowledge.

Experience

Developer Apprentice - Kyndryl. November 2023 - Present
Development of an API using Spring Boot, utilization of MongoDB, and deployment using Docker.

Network Apprentice - Kyndryl. September 2022 - November 2023
Experience with Cisco network equipment, including configuration and troubleshooting, as well as setting up and managing Nagios, a monitoring tool.

Web Integrator - InterStis. April 2022 - 4 months
Integrated mockups into web applications using SASS for styling, knowledge of Vue.js.

Education

Computer Engineer - Design, Architecture, and Development. 2022 - Present
ESIEE, Champs-Sur-Marne.

DUT (french technical diploma) in Multimedia and Internet fields. 2020-2022
IUT de Marne-la-Vallée, Champs-Sur-Marne.

High School Diploma STI2D - 2020

Skills

Motivated, team player
Autonomous, creative

Java, C, Javascript, SQL, MongoDB, Docker, Linux, Git, Cisco, Adobe creative suite, Figma

French - native
English - B2 - (TOEIC 850)
